ral reduct on will be made. Old Friends Together. O, time is sweet when roses meet.

With spring's sweet breath around And sweet the cost, when hearts are lost, If those we love have found them; And sweet the mind that still can find A star in the darkest weather; But nought can be so sweet to see As old friends met together.

Those days of old, when youth was bold, And time stole wings to speed it, And you ne'er knew how fast time flew

Or, knowing, did not heed it; Tho' gray each brow that meets For age brings wintry weather,-

Yet nought can be so sweet to see As old friends met together.

The few long known whom years have shown

With hearts that friendship blesses: A hand to cheer, perchance a tear, To soothe a friend's distresses; Who helped and tried, still side by side, A friend to face bad weather; O, this may we yet joy to see, And meet old friends together.
